1. Identify and discuss the most recent techniques in the management of ocular conditions
2. Examine current research findings to better diagnose and manage your patients with ocular diseases

Objectives:

All disclosed relevant financial relationships will have been resolved prior to the commencement of the activity.

Disclosure:

No relationships to disclose

Credit Designation:

The Keck School of Medicine of the University of Southern California requires everyone who is in a position to control the content of AMA PRA Category 1 Credit(s)™. The National Commission on Certification of Physician Assistants states that AMA accredited continuing education requirement for license renewal by their state Board of Registered Nurses and Allied Health Care Professionals: ‘The credit commensurate with the extent of their participation in the activity.

FRIDAY, JUNE 19, 2015

9:00 – 9:30 am
Introduction to 40th Year Symposium

9:30 – 9:55 am
Welcome Remarks

S. M. R. M. Wang, MD, PhD
President, University of Southern California

10:00 – 10:15 am
Management of Optic Nerve Avulsion and Retinal Detachment

Sandeep C. Ganguly, MD
Director, Keck School of Medicine of USC, Eye Institute; Keck School of Medicine of USC, Managing Partner of Retinal Consultants of Arizona and Founding Member of the Spectra Eye Institute (Introduction by J. Martin Heur, MD, PhD)

10:30 – 10:45 pm
The Significance of PDGF/VEGF Crosstalk: A Science Based Paradigm Shift in the Treatment of Neovascular AMD

Robert N. Weinreb, MD, Director, Shiley Eye Institute; Distinguished Professor and Chair of Ophthalmology, University of California San Diego (Introduction by Linda Lam, MD)

10:50 – 11:00 pm
Thyroid Eye Disease: Immunological Mechanisms and Treatment in the Acute Phase

M. Roy Wilson, MD, MS, President, Wayne University; Eye Epidemiology

11:00 – 11:15 am
Managing Optic Nerve and Thyroid Eye Disease

Jeffrey Goldberg, MD, PhD, Professor and Chair, Department of Ophthalmology, Stanford University School of Medicine, San Francisco (Introduction by Damien C. Rodger, MD, PhD)

11:15 – 11:30 am
Pack-CXL for the Treatment of Infectious Keratitis

Robert K. Maloney, MD, MA (Oxon), Director, Maloney Vision Institute; Clinical Professor of Ophthalmology, University of Chicago (Introduction by J. Martin Heur, MD, PhD)

11:30 – 12:15 pm
Lunch

12:45 – 1:05 pm
Self-guided tour of grounds

1:05 – 1:25 pm
Current Clinical Trials and Updates

Jonathan J. Dutton, MD, PhD, Professor Emeritus of Ophthalmology and Ophthalmic Oncology at the University of California, San Diego (Introduction by Alena Reznik, MD)

1:25 – 2:00 pm
Visualizing the Connectome

Arthur W. Toga, Provost Professor of Ophthalmology, Neurology, Psychiatry and the Behavioral Sciences, Department of Neurology and Neurological Sciences, USC; Director, USC Laboratory of Neuro Imaging University of Southern California (Introduction by J. Martin Heur, MD, PhD)

2:00 – 2:30 pm
Controversy in the Diagnosis and Management of Optic Nerve Tumors

Felicia C. Math, MD, PhD, Professor and Chair, Department of Ophthalmology of Duke University Medical Center (Introduction by J. Martin Heur, MD, PhD)

2:30 – 3:00 pm
Controversies in the Diagnosis and Management of Optic Nerve Tumors

Felicia C. Math, MD, PhD, Professor and Chair, Department of Ophthalmology of Duke University Medical Center (Introduction by J. Martin Heur, MD, PhD)

3:00 – 3:30 pm
Pack-CXL for the Treatment of Infectious Keratitis

Robert K. Maloney, MD, MA (Oxon), Director, Maloney Vision Institute; Clinical Professor of Ophthalmology, University of Chicago (Introduction by J. Martin Heur, MD, PhD)

3:30 – 4:00 pm
The Light Adjustable IOL: A New Paradigm in Refractive Surgery

Robert R. Kuglin, MD, MPH, Director, Maloney Vision Institute; Clinical Professor of Ophthalmology, University of Chicago (Introduction by J. Martin Heur, MD, PhD)

4:00 – 4:30 pm
Pack-CXL for the Treatment of Infectious Keratitis

Robert K. Maloney, MD, MA (Oxon), Director, Maloney Vision Institute; Clinical Professor of Ophthalmology, University of Chicago (Introduction by J. Martin Heur, MD, PhD)

4:30 – 5:00 pm
The Significance of PDGF/VEGF Crosstalk: A Science Based Paradigm Shift in the Treatment of Neovascular AMD

Robert N. Weinreb, MD, Director, Shiley Eye Institute; Distinguished Professor and Chair of Ophthalmology, University of California San Diego (Introduction by Linda Lam, MD)

11:30 – 12:15 pm
Lunch

12:45 – 1:05 pm
Self-guided tour of grounds

1:05 – 1:25 pm
Current Clinical Trials and Updates

Jonathan J. Dutton, MD, PhD, Professor Emeritus of Ophthalmology and Ophthalmic Oncology at the University of California, San Diego (Introduction by Alena Reznik, MD)
